Description

Continuation of the independent research project begun in ENVB 497. Data collection and analysis, testing of hypotheses, discussion of results.

- Fall and Winter
- Prerequisite(s): ENVB 497 and permission of instructor
- Restriction(s): Open only to students who have earned a minimum of B in the prerequisite course(s). Enrolment is limited by availability of research project supervisors and to students in the Environmental Biology Major. Students should make arrangements with a willing supervisor, and the proposed supervisor and project are subject to approval.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
