

ENVR 614. MOBILIZING RESEARCH FOR SUSTAINABILITY.

Credits: 3

Offered by: Bieler School of Environment (Graduate Studies)

This course is not offered this catalogue year.

Description

Through workshops and practice, students will develop communication strategies and acquire collaboration and leadership skills to foster innovation and help translate knowledge into action to address complex environmental and sustainability issues. Students will learn methods, build skills, and develop mindsets that can enable their research to have an impact on the most pressing issues in sustainability.

- Restriction(s): Open to graduate students enrolled in the Environment Option or permission of instructor

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
