

EPIB 648. METHODS IN SOCIAL EPIDEMIOLOGY.

Credits: 3

Offered by: Epidemiology and Biostatistics (Graduate Studies)

Terms offered: Winter 2026

[View offerings for Winter 2026 in Visual Schedule Builder.](#)

Description

Methods for conducting studies in social epidemiology and population health will be covered. Topics will include causal inference; measurement and concepts of social exposures; methods for study design and analysis. Techniques for descriptive and etiologic investigations of socioeconomic position, gender, race and ethnicity, geography, and social policies will be discussed.

- Prerequisites: EPIB 603 and EPIB 621, or permission of the instructors

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
