

# EPIB 681. GLOBAL HEALTH: EPIDEMIOLOGICAL RESEARCH.

---

Credits: 3

Offered by: Epidemiology and Biostatistics (Graduate Studies)

This course is not offered this catalogue year.

## Description

A review of selected epidemiological research focussing on global health and disease topics. Research will be mostly from developing countries and research methods will be highlighted. Case studies will be used to illustrate specific applications and challenges.

- Prerequisite: With permission of instructor.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
