

EXMD 600. PRINCIPLES OF CLINICAL RESEARCH.

Credits: 3

Offered by: Medicine (Graduate Studies)

Terms offered: Fall 2025

[View offerings for Fall 2025 in Visual Schedule Builder.](#)

Description

Foundations for conducting clinical research including the principles underlying clinical studies, an overview of key methods in clinical research and the critical interpretation of peer-reviewed literature.

- There are no set prerequisites, but it is expected that the student will have some background in mathematics; understanding functions and basic algebra is essential.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
