

# EXSU 621. SURGICAL INNOVATION 2.

---

Credits: 3

Offered by: Surgery (Graduate Studies)

Terms offered: Winter 2026

View offerings for Winter 2026 in Visual Schedule Builder.

## Description

This course builds on key concepts and needs screening delivered and generated in EXSU 620 to develop hands-on skills necessary to work within a multi-disciplinary team in the creation of a novel, need driven, and marketable prototype used in the care of the surgical patient.

- Prerequisite(s): EXSU 620
- Restriction(s): Course requires entry to surgical theatre, this is subject to hospital approval.
- Students may be subject to interview.
- Contact hours 47 consisting of 23 hours lectures, 24 hours hospital visits and presentation.
- Language of instruction: English, French available.
- Minimum number 6, maximum 20.
- Subject to completion of medical requirements/immunization record.
- Professional conduct and dress required at all times in hospital visits when in potential contact with patients.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
