

EXSU 630. MEDICAL AND SIMULATION TECHNOLOGIES.

Credits: 3

Offered by: Surgery (Graduate Studies)

Terms offered: Winter 2026

[View offerings for Winter 2026 in Visual Schedule Builder.](#)

Description

A critical overview of the defining characteristics and objectives of several types of medical and simulation technologies relevant for enhancing medical and surgical education, including foundational principles that guide the design, implementation, and evaluation of these tools.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
