Credits: 3

Offered by: Food Science&Agr.Chemistry (Faculty of Agric Environ Sci)

Terms offered: Winter 2026

View offerings for Winter 2026 in Visual Schedule Builder.

Description

An integrated approach to the materials used for the packaging of food products, considering the physical, chemical and functional characteristics of such materials and their utility, relative to the chemistry of the food system they are designed to enclose and preserve.

- Winter
- 3 lectures and one 3-hour lab
- Prerequisite: FDSC 305
- This course carries an additional charge of \$52.69 to cover the cost of transportation with respect to field trips. The fee is refundable only during the withdrawal with full refund period.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
