

# FINE 451. FIXED INCOME ANALYSIS.

---

Credits: 3

Offered by: Management (Desautels Faculty Management)

This course is not offered this catalogue year.

## Description

Fixed income financial instruments and their uses for both financial engineering and risk management (at the trading desk and aggregate firm level). This will involve coverage of fixed income mathematics, risk management concepts, term structure modeling, derivatives valuation and credit risk analysis.

- Prerequisite: FINE 441

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
