## Description

The overall purpose of this eight-week course is to acquaint students with the principles of family medicine. During the course, students work as part of a team, whose members may include a staff physician, a family medicine nurse and several residents. Specific clinical experiences in the disciplines of otolaryngology (OTL) and dermatology, relevant to the practice of family medicine, are included. The role of the family physician in the care of patients with mental illness is highlighted.

- Restriction: Open only to students enrolled in the M.D., C.M. program.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
