

FMT4 006. PESTICIDES AND THE ENVIRONMENT (152- VSF-MC).

Credits: 1.33

Offered by: Farm Mgmt & Technology Program (Faculty of Agric
Environ Sci)

Terms Offered: Fall 2025

[View offerings for Fall 2025 in Visual Schedule Builder.](#)

Description

This course will present students with the opportunity to obtain an adequate understanding of the environmental and health risks associated with the use of pesticides, of the laws and regulations governing their use and of the methods that can be used to mitigate these risks. Several labs will deal with the methods used to correctly set up and operate pesticide application equipment.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
