Credits: 1.33

Offered by: Farm Mgmt & Technology Program (Faculty of Agric Environ Sci)

Terms Offered: Winter 2026

[View offerings for Winter 2026 in Visual Schedule Builder.](#)

Description

Objectives are to develop the skills needed to analyze the operations; to determine the performance criteria that are related to the workplace functions of the farm manager and establish the relationships with the critical skills and knowledge required for their successful completion. Classroom activities and a one-week internship on an agricultural enterprise other than the home farm or business, expose the students to operations that are normally undertaken by farm managers during the winter months.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
