---

Credits: 2.67

Offered by: Farm Mgmt & Technology Program (Faculty of Agric Environ Sci)

Terms Offered: Winter 2026

[View offerings for Winter 2026 in Visual Schedule Builder.](#)

## Description

Objectives are descriptions and analysis of the main profit components of the swine and poultry sectors. Emphases are placed on the following components: nutritional requirements, labor efficiency, marketing options, genetic selection and herd health. Students are exposed to a feeding trial in each sector.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
