

# FMTP 014. MACHINERY MANAGEMENT (152-014-MC).

---

Credits: 1.67

Offered by: Farm Mgmt & Technology Program (Faculty of Agric Environ Sci)

This course is not offered this catalogue year.

## Description

Students will learn how to make the management decisions involved with the machinery fleet of an agricultural enterprise. These decisions will include initial selection of machines, systematic evaluation of individual machines and machine replacement. Decisions will involve field capacity and economic considerations within the context of the agricultural enterprise.
