

FMTP 016. AGRO-ENVIRONMENTAL FERTILIZATION PLAN 1 (152-016-MC).

Credits: 2

Offered by: Farm Mgmt & Technology Program (Faculty of Agric Environ Sci)

This course is not offered this catalogue year.

Description

In this first part of the Agro-Environmental Fertilization Plan course, students will be introduced to the environmental laws and regulations that oversee the development of the Agro-Environmental Fertilization Plan. Students will be introduced to the components of the AEFPP and will learn how to collect pertinent data for the realization of their own plan. Students will also learn how to keep registries for fertilizer and manure spreading on their farms. The management of manure for odour control will also be discussed.

- (152-016-MC)
- (2-2-2)

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
