

FMTP 025. FARM PROJECT (152-025-MC).

Credits: 2

Offered by: Farm Mgmt & Technology Program (Faculty of Agric Environ Sci)

This course is not offered this catalogue year.

Description

In this course each students will prepare a farm business plan. The students will put into use the skills they have acquired through their first five semesters and apply them to an actual farming situation. The plan will be on an existing agricultural enterprise of their choice and must include all considerations of the farming business, production as well as financial. The plan must cover a period of not less than five years. An oral presentation and a comprehensive written report will be submitted on their farm project.
