

# FMTP 026. MANAGEMENT OF HUMAN RESOURCES (152-026-MC).

---

Credits: 1.33

Offered by: Farm Mgmt & Technology Program (Faculty of Agric  
Environ Sci)

This course is not offered this catalogue year.

## Description

At the end of this course, students will be able to apply human resource management techniques in agriculture. This includes being able to plan the manpower needs of the agricultural enterprise, by the month and by the year. Students will be able to describe the principal tasks and work conditions, explain the steps in seeking farm and agricultural employees and prepare the payroll for employees. Students must be able to describe the communication mechanisms between the owners, and with the employees. Students will learn to apply a method of worker supervision and be able to give an evaluation of employees work.
