

# FMTP 040. NUTRIENT MANAGEMENT PLAN 1 (152-040-MC).

---

Credits: 1.67

Offered by: Farm Mgmt & Technology Program (Faculty of Agric Environ Sci)

This course is not offered this catalogue year.

## Description

In this first part of the Nutrient Management Plan course, students will be introduced to the environmental laws and regulations that oversee the development of the Nutrient Management Plan. Students will be introduced to the components of the Nutrient Management Plan and will learn how to collect pertinent data for the realization of their own plan. Students will also learn how to keep registries for fertilizer and manure spreading on their farms. The management of manure for odour control will also be discussed.

- (152-040-MC)
- (2-1-2)

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
