## Description

Quebec and French-speaking literature is part of the general education. The last in a sequence of three courses preparing students for the Ministerial Examination of College French test (EUF), it introduces them to works of French expression and various genres by improving their reading, analysis and writing skills. It will offer a series of tools for commenting on a literary text, both in terms of content and form. Students enrolled in this course are eligible to take the EUF.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
