

# FSCI 444. BARBADOS RESEARCH PROJECT.

---

Credits: 6

Offered by: Science (Faculty of Science)

This course is not offered this catalogue year.

## Description

A research project that is supervised by McGill academic staff and is conducted in collaboration with local partners. The project topic must relate to the field of sustainability relating to the Caribbean or Barbados specifically.

- Corequisites GEOG 340, ATOC 341, BIOL 343 or permission of the Program Director.
- Restrictions: Open to U2 and U3 students from all faculties who are registered in the Barbados Field Study Semester, with minimum CGPA of 3.0.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
