

GEOG 300. HUMAN ECOLOGY IN GEOGRAPHY.

Credits: 3

Offered by: Geography (Faculty of Science)

This course is not offered this catalogue year.

Description

The course will examine research approaches in human ecology since its inception early in this century. Emphasis will be placed on the theoretical shifts that have led to its emergence as an important social science perspective. The course will also involve case studies to evaluate the methodological utility of the approach.
