

GEOG 499. SUBARCTIC FIELD STUDIES.

Credits: 3

Offered by: Geography (Faculty of Science)

This course is not offered this catalogue year.

Description

An introduction to the geography of the subarctic with emphasis on the application of field methods in physical and/or human geography.

- Fall
- Prerequisite: GEOG 203 or GEOG 301
- Instructor's approval required.
- A fee of \$2,329.11 is charged to all students registered in GEOG 499 Subarctic Field Studies. This course is held at Schefferville, Quebec in late August through early September. The fee is used to support the cost of transportation, accommodations, local fees and all meals. The department subsidizes a portion of the cost of this compulsory activity for each student registered in a Geography Major or Honours program.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
