

GPHL 301. INTRODUCTION TO RESEARCH METHODS

Credits: 3

Offered by: Global & Public Health (Faculty of Arts)

This course is not offered this catalogue year.

Description

Introduction to quantitative, qualitative and participatory research approaches to population and global health problem solving, with a focus on critical skills in assessing research quality and relevance. Concepts include: the art of formulating a research question, and its implications for research design and implementation.

- Prerequisites: GPHL 201, GPHL 300
- Restriction(s): Open to students in a Population and Global Health undergraduate program.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
