

HGEN 621. INTRODUCTORY FIELD WORK ROTATIONS 2.

Credits: 6

Offered by: Human Genetics (Graduate Studies)

This course is not offered this catalogue year.

Description

Students are required to spend a minimum of 600 hours in field work. They will rotate through the various laboratories (cytogenetics, biochemical/molecular genetics) and clinical settings (prenatal diagnosis, screening, medical genetics) at the Montreal Children's Hospital.

- Prerequisite(s): HGEN 620
- Restriction(s): Open only to students in the M.Sc. in Genetic Counselling; Non-Thesis program.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
