

HGEN 663. BEYOND THE HUMAN GENOME.

Credits: 3

Offered by: Human Genetics (Graduate Studies)

This course is not offered this catalogue year.

Description

A review of recent advances in human genomics and current state of the art technologies of DNA sequence and whole genomics analyses, as well as future directions in the post-genomic era.

- Prerequisite: BIOL 370 or by permission of the instructor.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
