

HSED 703. RESEARCH DESIGN FOR HEALTH SCIENCES EDUCATION.

Credits: 3

Offered by: Health Sciences Education (Graduate Studies)

Terms offered: Fall 2025, Winter 2026

View offerings for Fall 2025 or Winter 2026 in Visual Schedule Builder.

Description

Various frameworks, theories and methodologies that contribute to health sciences education (HSE) research, and how these elements fit together to make a particular project coherent. Examination of the character of inter-disciplinary academic contributions and foci in HSE research. Emphasis on different types of research perspectives (such as constructionism, postmodernism and positivism) and approaches (qualitative, quantitative, participatory and mixed-methods).

- Prerequisite: Permission of the Instructor
- Language of Instruction is English.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
