

# HSED 704. ADVANCED QUALITATIVE RESEARCH.

---

Credits: 3

Offered by: Health Sciences Education (Graduate Studies)

Terms offered: Fall 2025, Winter 2026

View offerings for Fall 2025 or Winter 2026 in Visual Schedule Builder.

## Description

Review various philosophical and theoretical perspectives that underpin schools of qualitative inquiry and identify perspectives relevant to coherent and rigorous research design; identify consequences for validity of particular methodological choices from the range of forms that each particular methodology takes; explore theoretical perspectives relevant to their research interests; investigate implications for the design and appraisal of qualitative research in health and social care; defensible knowledge claims from a qualitative research perspective; consider approaches to representing and writing and qualitative research; and specialized terminology in the field.

- Prerequisite: Permission of the instructor.
- Must have completed an introduction to a qualitative research course.
- Priority given to Institute of Health Sciences Education students.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
