

INDS 207. HOST DEFENSE AND HOST/PARASITE.

Credits: 12

Offered by: Medicine and Health Sciences (Faculty of Medicine & Hlth Sci)

This course is not offered this catalogue year.

Description

Infectious diseases arise from dynamic interactions between humans and microorganisms. Using lectures, case-oriented small groups, laboratory sessions, and independent learning, an integrated overview of the basic microbiology of organisms, our immune defenses and how they may be subverted, and approaches to the prevention and control of infection will be provided.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
