

INDS 424. CLERKSHIP INTEGRATED ASSESSMENT 2.

Credits: 0

Offered by: Medicine and Health Sciences (Faculty of Medicine & Hlth Sci)

This course is not offered this catalogue year.

Description

This course includes integrated assessments that will occur during the senior clerkship. The students will sit two progress tests of which one will be formative and one summative. A progress test is a test that is representative of all the knowledge domain of a curriculum and is sat by classes at different stages of the curriculum. Each test will have the same blueprint which will represent a broad sample of the knowledge base of the curriculum as a whole. The tests will aim to assess knowledge application rather than solely recall. The Objective Structured Clinical Examination (OSCE) will consist of simulated situations to assess competencies (integration of knowledge, skills and attitudes). They will also complete an integrated OSCE.

- Restriction(s): Open only to students enrolled in the M.D., C.M. program.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
