

# INFS 625. INFORMATION ARCHITECTURE.

---

Credits: 3

Offered by: Information Studies (Graduate Studies)

This course is not offered this catalogue year.

## Description

Information Architecture (IA) is the process of analyzing, designing, implementing and evaluating information spaces. The course provides an overview of use-design aspects of human information and computer interaction. Topics include: human factors in IA; IA and information systems (IS) design principles and methodologies; work, task, and process analysis; IS modeling, requirements gathering and evaluation; and information visualization.

- Prerequisite(s): INFS 617
- Corequisite(s): INFS 634 recommended
- Restrictions: Not open to students who have taken GLIS 625.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
