

INFS 626. USABILITY ANALYSIS AND ASSESSMENT.

Credits: 3

Offered by: Information Studies (Graduate Studies)

This course is not offered this catalogue year.

Description

Principles and techniques for evaluating interactive computer-based information systems. Topics include models of human information processing, user experience and decision-making; methods for requirements gathering and task analysis; and techniques for user testing, analytic evaluation, and performance modelling.

- Restrictions: Not open to students who have taken GLIS 626.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
