

INFS 663. KNOWLEDGE TAXONOMIES.

Credits: 3

Offered by: Information Studies (Graduate Studies)

This course is not offered this catalogue year.

Description

Basic classification and categorization methods, major taxonomy tools and technologies and practice in knowledge mapping and modelling. Theory and techniques of organization of both tacit and explicit knowledge at three levels: individual, community and the organization. Emphasis will be placed on the social nature of knowledge codification.

- Not open to students who have taken GLIS 663.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
