

INSY 455. TECHNOLOGY AND INNOVATION FOR SUSTAINABILITY.

Credits: 3

Offered by: Management (Desautels Faculty Management)

Terms offered: Winter 2026

[View offerings for Winter 2026 in Visual Schedule Builder.](#)

Description

The role of information and other technologies in the size and nature of an organization's environmental 'footprint'. Achieving sustainability through strategic innovation, such as digitization, recycling, reuse of materials, sustainable design, LEED certifications, smart grids and energy metrics. Analyzing the environmental benefits and hidden costs of novel technologies.

- Restriction: Open only to U2 and U3 students.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
