INSY 673. SECURITY ANALYTICS.

Credits: 1.5

Offered by: Management (Graduate Studies)

This course is not offered this catalogue year.

Description

This course provides a comprehensive introduction to data analytics in the context of information security. Students will understand how to leverage data analytics to help in visualizing, detecting, and analyzing information security data. Students will be exposed to real-world datasets and tools and techniques that can be applied to analyze those data.

- Prerequisite(s): (INSY 660 OR INSY 662 OR Instructor's approval) AND (MGSC 660 OR MGSC 661 OR Instructor's approval)

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
