

# INTD 356. QUANTITATIVE METHODS FOR DEVELOPMENT

---

Credits: 3

Offered by: Inst for the St of Development (Faculty of Arts)

This course is not offered this catalogue year.

## Description

Introduction to quantitative methods for impact evaluation. Builds from fundamental concepts in statistics; introduction of an intuitive conceptual framework to think about causal effects. Simple but rigorous data analytics, design and implement randomized controlled trials, regression analysis, or implement other main methods for impact evaluation.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
