

MECH 289. DESIGN GRAPHICS.

Credits: 3

Offered by: Mechanical Engineering (Faculty of Engineering)

This course is not offered this catalogue year.

Description

The design process, including free-hand sketching; from geometry construction to engineering construction; the technology and standards of engineering graphic communication; designing with CAD software. The role of visualization in the production of engineering designs.

- (3-3-3)
- Restrictions: Students must be in Year 1 (U1) or higher. Not open to students in Mechanical Engineering.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
