

MGSC 608. DATA DECISIONS AND MODELS.

Credits: 3

Offered by: Management (Graduate Studies)

This course is not offered this catalogue year.

Description

The goal is to evaluate quantitative information and to make sound decisions in complex situations. The course provides a foundation for various models of uncertainty, techniques for interpreting data and many decision making approaches in both deterministic and stochastic environments.

- This course will be held on April 17, 18, 19, 24, 25 & 26, and will have the final exam on May 30, 2015.
- Due to the intensive nature of this course, the standard add/drop and withdrawal deadlines do not apply. Add/drop is the second lecture day and withdrawal is the third lecture day.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
