

MIME 624N1. MATERIALS HANDLING IN MINES.

Credits: 3

Offered by: Mining & Materials Engineering (Graduate Studies)

This course is not offered this catalogue year.

Description

A comprehensive review of materials handling systems used in open pit and underground mines. Review of system selection criteria, and analysis of the impact of particular systems on mine design.

- Students must also register for MIME 624N2
- No credit will be given for this course unless both MIME 624N1 and MIME 624N2 are successfully completed in a twelve month period

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
