

MIMM 509. INFLAMMATORY PROCESSES.

Credits: 3

Offered by: Microbiology & Immunology (Faculty of Science)

This course is not offered this catalogue year.

Description

This course concentrates on the non-specific aspects of the immune response, an area which is not adequately covered by the other immunology courses presented at the university. Interactions between guest researchers (from McGill and other universities) and students will be furthered.

- Winter
- 3 hours of seminar
- Corequisite: PHGY 513 or MIMM 414
- This course will be given in conjunction with the Division of Experimental Medicine
- Prerequisite: MIMM 314

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
