

# MUMT 619. INPUT DEVICES FOR MUSICAL EXPRESSION.

---

Credits: 3

Offered by: Music Research (Graduate Studies)

This course is not offered this catalogue year.

## Description

Basic technologies used in the design of input devices for musical expression, including the most common types of electronic sensors, actuators and associated conditioning circuits with examples of their application to gestural controllers.

- Prerequisite: Permission of the instructor
- Prior knowledge of analog electronics required

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
