

NRSC 405. NATURAL HISTORY OF EAST AFRICA.

Credits: 3

Offered by: Natural Resource Sciences (Faculty of Agric Environ Sci)

This course is not offered this catalogue year.

Description

Integrated study of African landforms, geologic history, climate, environments, biota, water resources and human influences, fostering a thorough understanding of the East African landscape and its inhabitants. Lectures, discussions on selected topics, use of museum resources and field studies will develop powers of observation, identification and enquiry.

- Corequisite(s): ANTH/GEOG 451, NRSC/BIOL 452
- Restriction(s): Not open to students who have taken NRSC 300 or GEOG 300. Not open to students taking REDM 405.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
