

# NRSC 451. RESEARCH IN ECOLOGY AND DEVELOPMENT IN AFRICA.

---

Credits: 3

Offered by: Natural Resource Sciences (Faculty of Agric Environ Sci)

Terms offered: Winter 2026

[View offerings for Winter 2026 in Visual Schedule Builder.](#)

## Description

Development of observation and independent inquiry skills through:  
1) participation in short-term project modules in collaboration with existing researchers; 2) participation in interdisciplinary team research on topics selected to allow comparative analysis of field sites; 3) active and systematic observation, documentation, and integration of field experience in ecology and development issues.

- Winter
- Not open to students who have taken or are taking BIOL 451. Open to U2 or later students in the African Field Study Semester (AFSS).
- Corequisites: ANTH or GEOG 451 Society & Development in Africa

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
