

NUR2 618. CLINICAL IN FAMILY SYSTEMS NURSING 2.

Credits: 3

Offered by: Ingram School of Nursing (Graduate Studies)

This course is not offered this catalogue year.

Description

This course continues to develop the knowledge and skills required to enhance the health of families. Family health has to do with ways of learning, developing, relating, behaving, and thinking which promote physical and psychological well-being. It involves coping with adversity by developing or drawing on family and individual strengths, as well as external resources. From the foundational perspective of Strengths-Based Nursing, students will continue to develop approaches to family assessment and intervention using theoretically and empirically grounded strategies for working with families.

- Corequisite(s): NUR2 611
- Restriction(s): Not open to students who have taken NUR2 614D1/D2.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
