Description

This course offers students in the Global Health concentrations an opportunity to integrate knowledge and clinical competencies acquired thus far in the program in collaboration with an on-site mentor. Students may choose to focus the clinical experience in either community nursing or an acute care setting to further develop and strengthen advanced clinical judgment as well as the ability to respond more purposefully to complex health concerns of individuals, families, and/or communities.

- Prerequisite(s): NUR2 609 and NUR2 610 OR NUR2 617 and NUR2 618 Minimum Grade or Test Scores : B-
- Restriction(s): Only open to students in the MSc(A) Nursing - Global Health Direct Entry concentration and MSc(A) Nursing - Global Health concentration. Not open to students who have taken NUR2 625.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
