

# NUR2 686. PEDIATRIC ASSESSMENT.

---

Credits: 4

Offered by: Ingram School of Nursing (Graduate Studies)

This course is not offered this catalogue year.

## Description

Advanced nursing assessment of the pediatric patient. Students will learn advanced pediatric skills in the evaluation of children 0 to 18 years of age. Students will learn how to inquire about children and family history, and examine newborns and children in a systematic approach.

- \*\*Due to the intensive nature of this course, the standard add/drop and withdrawal deadlines do not apply. Add/drop is the second lecture day and withdrawal is the fourth lecture day.
- A nominal fee of \$78.01 is charged to all nursing students who register in courses where clinical skills are taught to students in the Nursing Learning Laboratory. The fee is for clinical skills kits that students will use during their training in the Nursing Learning Laboratory. The kits also contain additional materials for students to take with them after the training to allow them to practice the skills they learn on their own.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
