

# NUTR 404. NUTRITION FIELD STUDIES IN EAST AFRICA.

---

Credits: 3

Offered by: Human Nutrition (Faculty of Agric Environ Sci)

This course is not offered this catalogue year.

## Description

Community-based case-study experience in East Africa, focussed on documentation and inquiry skills, and systematic analysis of the: 1) patterns and nature of major nutritional and food security problems; 2) sociocultural, economic and environmental determinants on food availability, quality, choice, behaviour and consumption in relation to health and disease, particularly in high risk populations; 3) institutional and policy mediators of community and national-level interventions and program responses.

- Restrictions: Open only to students in the CFSIA program.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
