

# OCCH 626. BASICS: PHYSICAL HEALTH HAZARDS.

---

Credits: 3

Offered by: Occupational Health (Graduate Studies)

This course is not offered this catalogue year.

## Description

Basics of hearing conservation, health effects of electromagnetism, ionizing radiation safety and ventilation controls. For each of these agents, basic properties, mechanisms of action, health effects, engineering control methods, exposure standards and safety measures are studied. Basic ventilation strategies for industry are also covered.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
