

OCCH 630. OCCUPATIONAL DISEASES FOR OHNS.

Credits: 3

Offered by: Occupational Health (Graduate Studies)

This course is not offered this catalogue year.

Description

Designed to meet independent and specific needs of occupational health nurses, it examines potential pathologies in the workplace, and subsequent disease outcomes. Focus is on an evidence-based approach to assessment, nursing diagnosis, appropriate interventions in the identification, management of occupational diseases. Worker screening strategies and disease prevention activities are introduced.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
