Description

Identification of the challenges and strategies for addressing cancer prevention, diagnosis and care, as well as cancer research and education from an international perspective.

- Restrictions: Open to students in the Graduate Diploma in Oncology. It is also open to graduate students in the Faculty of Medicine and Health Sciences; however, permission from the instructor is required for the latter students.
- English is the language of instruction but students may present in either of the official languages

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
