ORGB 660. MANAGING DATA ANALYTICS TEAMS.

Credits: 1.5

Offered by: Management (Graduate Studies)

Terms offered: Summer 2025, Fall 2025

View offerings for Summer 2025 or Fall 2025 in Visual Schedule Builder.

Description

In this course, students will learn to: understand barriers to effective work in teams or more broadly in organizations; develop a collaboration style and learn about themselves as team members and leaders – what are their strengths, what can they improve on; learn how to jointly develop a vision and superordinate goal; develop skills in team communication, using the 'power of framing'; build effective working relationships with diverse individuals and groups; become familiar with common organizational functional areas, their analytics perspectives, and their role in cross-functional teams.

- **Web ADD only.
- **Due to the intensive nature of this course, the standard add/drop and withdrawal deadlines do not apply. Course Add is the second lecture day.
- **No web drop allowed.
- **Web withdrawal not applicable.
- **Web ADD only.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
